

# Memorial Diamonds from the experts

Your pet, your best friend, your company on a cold night, so many years of love and devotion, need not be lost and forgotten. It is possible to memorialize your loved-one in the form of a real but 'Created' diamond made from either hair, nail clippings or cremation ashes (sorry to be blunt). Just **30 grams** of 'material' is all that is needed to make a unique **1 carat diamond** to keep and treasure forever.

We understand the grief of losing your pet can be heart breaking, but if you desire to memorialize your pet with us – you may need to consider speaking to your vet, groomer or carer to call us to make the arrangements whilst it is still possible.

Please inform us as soon as you can of the following...
